**HOLDING**

Motor Carrier provided sufficient evidence to establish that it should not be assessed the full penalty for operating a vehicle that was over the statutorily allowed weight on the tandem axle.

**I. Motor Vehicles - Overweight Penalty.**

**Authority:** IC § 6-8.1-5-1; IC § 6-8.1-1-1; IC § 9-20-1-1; IC § 9-20-1-2; IC § 9-20-18-14.5; *Indiana Dept. of State Revenue v. Rent-A-Center East, Inc.*, 963 N.E.2d 463 (Ind. 2012); *Lafayette Square Amoco, Inc. v. Indiana Dept. of State Revenue*, 867 N.E.2d 289 (Ind. Tax Ct. 2007).

Taxpayer protests the assessment of an overweight civil penalty.

**STATEMENT OF FACTS**

Taxpayer is an Indiana-based trucking company. On January 13, 2022, the Indiana State Police ("ISP") cited Taxpayer's commercial motor vehicle for an overweight violation. The Indiana Department of Revenue ("Department") issued a proposed assessment for an overweight violation under IC § 9-2-18-14.5(d). Taxpayer protested the assessment and requested resolution without a hearing. This Letter of Findings results. Additional facts will be provided as necessary.

**I. Motor Vehicles - Overweight Penalty.**

**DISCUSSION**

Taxpayer's commercial motor vehicle was cited for being overweight on the tandem axle. The Department issued a "No Permit Civil Penalty" pursuant to IC § 9-20-18-14.5(d). In its written explanation accompanying the protest, Taxpayer argued that because its driver only received a warning, had no way of knowing the load was overweight because the gross vehicle weight was under the legal limit, and the inspection occurred on "a very unlevel roadway with a curve and a hill," a civil penalty is not warranted.

As a threshold issue, it is Taxpayer's responsibility to establish that the existing proposed assessment is incorrect. As stated in IC § 6-8.1-5-1(c), "[t]he notice of proposed assessment is prima facie evidence that the [D]epartment's claim for the unpaid tax is valid. The burden of proving that the proposed assessment is wrong rests with the person against whom the proposed assessment is made." See also *Indiana Dept. of State Revenue v. Rent-A-Center East, Inc.*, 963 N.E.2d 463, 466 (Ind. 2012); *Lafayette Square Amoco, Inc. v. Indiana Dept. of State Revenue*, 867 N.E.2d 289, 292 (Ind. Tax Ct. 2007).

According to IC § 9-20-1-1, "[e]xcept as otherwise provided in [IC Art. 9-20], a person, including a transport operator, may not operate or move upon a highway a vehicle or combination of vehicles of a size or weight exceeding the limitations provided in [IC Art. 9-20]."

According to IC § 9-20-1-2, the owner of a vehicle "may not cause or knowingly permit to be operated or moved upon a highway [in Indiana] a vehicle or combination of vehicles of a size or weight exceeding the limitations provided in [IC Art. 9-20]."

IC § 9-20-18-14.5 authorizes the Department to impose civil penalties against Motor Carriers that obtain a permit under IC Art. 9-20 and violate IC Art. 9-20 ("Permit Violation Civil Penalty") or are required, but fail, to obtain a permit under IC Art. 9-20 ("No Permit Civil Penalty"). The Department may also impose a civil penalty for vehicles or loads subject to the size and weight limits provided in IC Art. 9-20 for which no permit is available ("No Permit Available Civil Penalty"). IC § 9-20-18-14.5(d).

IC § 6-8.1-1-1 states that fees and penalties stemming from IC Art. 9-20 violations are a "listed tax." Under IC § 9-20-18-14.5(a) these listed taxes are in addition to and separate from any arrangement or agreement made with a local court or political subdivision regarding the traffic stop.

ISP cited Taxpayer's vehicle for being 5,750 pounds overweight on the tandem axle. The Department imposed a "No Permit Available Civil Penalty" in accordance with IC § 9-20-18-14.5(d) because Taxpayer was in excess of the legal per axle weight. Under IC § 9-20-18-14.5(d) no permit is available for instances where individual or tandem axles are overweight. Taxpayer's gross vehicle weight was 78,860 pounds, which is under the allowable gross weight of 80,000 for commercial motor vehicles. See IC § 9-20-4-1(a)(1).

Taxpayer argued that because its driver only received a warning from ISP that a civil penalty should not have been issued. As noted above, a civil penalty is a listed tax. This is separate and distinct from any warning or ticket issued by ISP.

Taxpayer next argued that because it did not load the truck, its driver had no way of knowing the truck was overweight. This information may be a mitigating factor but is not dispositive that a civil penalty should not have been assessed.

Finally, Taxpayer argued that the inspection occurred on a "very hilly and unlevel road," which must have affected the weighing of its truck. Taxpayer failed to provide any documentation reflecting the road's condition at the time the inspection was conducted.

The fact that Taxpayer was not responsible for loading its own truck also supports a slight reduction of the civil penalty. However, Taxpayer has not established that the tandem axle was under the allowed weight. Therefore, the overweight penalty is appropriate in this case.

IC § 9-20-18-14.5 provides "not more than" language to the Department when generating a proposed assessment amount. In this case the Department will generate a proposed assessment with a reduced amount as authorized by its statutory discretion and this Letter of Findings.

### **FINDING**

Taxpayer's protest is sustained in part and denied to the extent that Taxpayer did not prove the entire penalty should be removed.
